

## **ASCI / IPA / SIKS Security course**

### **Date: October 10, 17 and 24, 2011**

The ASCI/IPA/SIKS Security course attempts to give a broad overview of the field of Security (and Privacy). Specialists of the three researchschools discuss their specific research areas. Legal as well as 'hard' security aspects will be discussed. This course is given for the first time this year. This year there will be no assignments attached to the course. Each day starts with registration/coffee between 09.30-10.00. Each lecture includes a 10 minutes coffee/teabreak.

### **Program**
