

## Call for Registration.....

3<sup>rd</sup> SIKS/BENAIS Conference on Enterprise Information Systems

**(EIS 2008)**

Tilburg, May 23, 2008

..... <http://www.benais.nl/>

*Perpetual Business /IT Alignment*

For the third time, the Dutch Research Schools SIKS organizes a Dutch/Belgian Conference on Enterprise Information Systems (EIS). The purpose of EIS is to bring together Dutch/Belgian researchers interested in the advances and business applications of information systems - a broad field, including topics such as Management Information Systems, E-Business, IS Analysis and Design, Requirements Engineering, Business Innovation, Knowledge Management, Business Process Management, Product Software Development, Coordination and Communication, Collaborative Information Systems, Business/IT Alignment, Architectures for IKS and many others.

EIS 2008 is organized by SIKS in cooperation with BENAIS, the local Benelux chapter of AIS and offers a unique opportunity for research groups from both the Computer Science-side and the Management-side to report research, meet and interact. EIS also includes a Poster Session.

### Important Dates
